Unapproved Minutes
Board of Commissioners of Converse County
January 20, 2026

The regular meeting was called to order at 8:05 a.m. on January 20, 2026. Present in person were Commission Chairman, Jim Willox; Commission Vice-Chairman Rick Grant; Commissioners Robert Short, Trent Kaufman, and Donald Blackburn; and County Clerk, Karen Rimmer.

Mr. Jason Wilkinson, Road & Bridge Superintendent; Mr. John Shephard, Foreman; and Mr. Todd Mattson and Mr. Kenny Sisson, HDR Engineering, provided updates on major road projects. Following discussion, Mr. Short moved to recess into Executive Session pursuant to W.S. 16-4-405(a)(vii) to consider the selection of a site or the purchase of real estate when the publicity regarding the consideration would cause a likelihood of an increase in price. Mr. Grant seconded and motion carried. The regular meeting recessed at 8:09 a.m. and reconvened at 8:25 a.m.; no action was taken. Mr. Todd Mattson continued with updates for the Jenne Trail Road Reconstruction Project, Phase 3, including the mandatory pre-bid meeting to be held today. Mr. Mattson requested allowing the bid date to be revised to February 4 versus January 28, 2026. If approved, the change would be presented as an official addendum for the project; the Commissioners concurred. Other discussion included testing of crushed asphalt, signage on certain county roads, and blasting and crushing activities. Following discussion, Mr. Grant moved to authorize Mr. Wilkinson to move forward with development of contract amendments for additional crushing with B&B Aggregates and blasting with Buckley Powder at the Shawnee Gravel Quarry contingent upon review by the County Attorney and further authorized the Chairman to sign the agreement between meetings; Mr. Kaufman seconded; motion carried. Following discussion of gravel projects, Mr. Kaufman moved to authorize the graveling of all 5.2 miles of Leuenberger Lane at an estimated and unbudgeted cost of \$668,000 to be expended out of the 231 Misc. Road Fund; Mr. Blackburn seconded; motion carried. Departmental updates continued with updates on various training courses and meetings and the extreme dry weather and impacts on roads relating to magnesium chloride and dust suppression. Following discussion, the Commissioners authorized Road & Bridge to contract with trucking companies for the watering of county roads with heavy traffic and high impacts unless and until there are sufficient precipitation events.

Mr. Tony Carroll and Mr. Mike Smith, Vyve Broadband, provided an overview of a Vyve project along CR2/Anderson Dairy Road for which they failed to obtain authorization via approved permits for Bores and Public Utilities Parallel Rights-of-Way. Permits have been applied for but not yet approved for additional Vyve projects along CR9/Chalk Buttes Road and CR64/Ridgewater Road. Mr. Carrol requested permission to allow the depths of both the installed and pending coaxial cables to remain at the thirty-six inches versus six feet; they further stated that Vyve would sign a waiver ensuring any damage to their cable would be replaced exclusively at Vyve's cost. Mr. Jason Wilkinson, Road & Bridge Superintendent, shared concerns with the shallow depths and the additional costs the County incurs when dealing with shallow underground

utilities. The Commissioners directed Mr. Carroll and Mr. Smith to prepare the waiver language and submit for review, and that the waiver and pending permit applications will be considered at the next Commissioner meeting. No action was taken.

The minutes for the January 6 and 7, 2026 regular meeting and Executive Sessions were approved and ordered filed as amended.

Mr. Short moved to approve December monthly reports, Road & Bridge: \$29,795.65; Sheriff: \$2387.73; NOVCs: 2025-0578 Anschutz Exploration Corp. \$2304.47; 2025-0609 Anadarko E&P Onshore \$47,571.02; 2025-0611 \$1,060,108.16; Mr. Blackburn seconded; motion carried.

Ms. Kristin Watson, HR Director, provided departmental updates including new job openings and employees; annual and quarterly turn-over rates; health insurance fund monthly update; Wellness; completed professional development training; and ideas for budgeting. The Commissioners advised that the vacant Road & Bridge half-time position has been authorized to be filled. The new exemptions regarding taxes on overtime pursuant to the One Big, Beautiful Bill Act was discussed; all eligible employees will receive an earnings report for 2025. Other updates included ongoing interviews; an overview of the Employee Assistance Program provided by IMA; and various ongoing and upcoming items. No action was taken.

Mr. Kaufman moved to recess into Executive Session pursuant to W.S. 16-4-405(a)(ii) to consider the appointment, employment, right to practice or dismissal of a public officer, professional person or employee; Mr. Blackburn seconded. The regular meeting recessed at 10:18 a.m. and reconvened at 10:57 a.m.; no action was taken.

Mr. Clint Becker, Sheriff, discussed a proposed salary increase for the Undersheriff position, which the Commissioners did not authorize due to the adopted budget. The Commissioners approved a budgeted salary increase for one Patrol Deputy position.

Mr. Pete Rausch, Respec Engineering; Mr. Taylor Shilling, Montana Civil/Joint Venture; and Mr. Kenny Sisson, HDR Engineering, Inc. (remotely) provided updates pertaining to the LaPrele Dam Reconstruction Project. An overview of the construction schedule, staging areas, and mobilization was provided. The primary focus in 2026 would be excavation and foundation work; vertical dam construction in 2027; and 2028 would include concrete work for the spillway and other features. An agreement for access to the staging area was discussed and will need to be addressed at a subsequent meeting. No action was taken.

The meeting recessed at 12:00 p.m. and reconvened at 1:00 p.m.

Ms. Darcey Cowardin, Public Health Nurse Manager, provided departmental updates including a discussion of new childhood vaccination guidance from the CDC; open positions; and Board of Health updates. No action was taken.

The Commissioners interviewed Mr. Lonnie Sorenson as an applicant for the Glenrock Solid Waste Disposal District. Mr. Sorenson provided an overview of his qualifications, which included consulting work for landfills in other states, and his interest in a position for the District. No action was taken.

Mr. Chris Caskey, Technical Services Director, presented draft policy documents to address uniforms for the Maintenance department; IT data governance; and Technical Services

Internships. The policies were reviewed and edits recommended; Mr. Caskey will make revisions and present at a subsequent Commissioner meeting. No action was taken.

Ms. Jessie Dykehouse and Mr. Getty Babbitt (remotely), FDL Consulting, LLC, along with Jera Likely, Martin & Martin (remotely), provided updates on major construction projects. The Animal Shelter Expansion Project was briefly discussed; the project is on schedule and there are no concerns. The Glenrock Office Renovation Project was reviewed, and the structural engineering report completed by Martin & Martin resulted in the Commissioners determining the best option for the existing structure would be to demolish and design and build a new structure. The Courthouse Level 1 & 2 Study was discussed at length, and the design options and movement of offices as presented were reviewed by the Commissioners and several impacted departments present. Ms. Dykehouse requested each department review and provide comments for further discussion at the next Commissioner meeting. No action was taken.

The Commissioners discussed for the record the recent WYDOT STIP (State Transportation Improvement Program) presentation and the bridge and road projects identified as priorities for the next five years. The West Richards Street bridge abutment repairs will be completed by WYDOT in collaboration with the City of Douglas using federal BROS (Bridge Replacement Off System) funding. The Antelope Creek Bridge and the Boxelder Road Bridge are being repaired by WYDOT using IIA (Infrastructure Investment and Jobs Act) funds, which is federal funding available for the replacement of bridges considered poor quality and in critical need of repair as determined by WYDOT using their inspection criteria. WYDOT inspects all bridges across the state every other year and advises the owning entity of the quality, applicable weight limits, and associated signage. The County has also repaired bridges and culverts in the past using these federal funding sources as well as general funds. Wyoming State Highways 93 and 95 were listed as priorities for WYDOT. No action was taken.

The Commissioners, along with Mr. Quentin Richardson, County Attorney, reviewed the State Board of Land Commissioners (State Board) meeting held in Douglas on January 8, 2026, regarding the potential Pronghorn H2 Project; outcomes of that meeting; the WCCA Zoning Regulations document; and the County Commissioners official statement regarding this project. Lengthy discussion ensued including Mr. Richardson's opinion of the motion to vacate the lease by the State Board, which was an initial lease versus a renewal lease. He discussed the determination by the Eighth Judicial District and the statement from the Courts that the State Board violated their own rules. Mr. Richardson stated that the Courts would be restricted to the opinion in front of them, and if the Supreme Court were to overturn the District Court Judge decision, then it would only then be appropriate for the State Board to act on the lease. The Commissioners provided a timeline of the Pronghorn H2 Project to date, which began in November 2022 with all leaseholders in the area receiving a boiler plate lease agreement stating a wind farm would be built and requesting execution of the lease. Landowners, leaseholders, and residents began communicating with the Commissioners their concerns and questions, which continued through early 2023. Not having received any communication from Pronghorn H2 at any point, the Commissioners requested that Aspen Consulting, a firm representing Pronghorn H2's interests, attend a regular Commissioner meeting and provide information. At the May 2,

2023 regular Commissioner meeting, Mr. Paul Martin, Focus Clean Energy, and representatives of Aspen Consulting (collectively referred to as “Pronghorn”), presented information about the Pronghorn H2 project. This presentation, while not dissimilar to presentations from other firms and wind projects, was vague, and the Commissioners advised Pronghorn that they failed to meet with landowners/leaseholders prior to sending the lease. At that time, the project was presented as a wind farm from Niobrara County to Natrona County with a hydrogen plant in Niobrara County. On August 1, 2023, Pronghorn submitted an application for the erection of metrological towers, some of which were in Converse County. From August 2023 through January 2025, Pronghorn reportedly continued to work with local landowners and develop leases and agreements, including a lease with the State of Wyoming. During this time, the Commissioners had no contact with or from Pronghorn. On February 3, 2025, the Commissioners learned through outside sources that the lease between the State of Wyoming and Pronghorn was being presented to the State Board of Land Commissioners regular meeting that same day as a consent agenda item. Commission members requested both in person in Cheyenne and via phone calls that the Board remove the Pronghorn lease from the consent agenda due to the Commissioners and citizens’ concerns and questions and the lack of communication from Pronghorn. The State Board honored this request and removed the lease from the consent agenda. The Commissioners then received a copy of the lease agreements and internally prepared a map showing all impacted properties. In the following months, the Commissioners continued to receive calls and emails from residents and landowners concerned about the project. On March 18, 2025, Pronghorn presented an updated plan proposal to the Commissioners at a regular meeting at their request, including turbine layout and impacted properties. The Commissioners discussed on the record concerns and issues with turbines on the Duncan Trail as well as serious concerns about the water usage for the project despite neither was under the Commissioner’s purview. The Commissioner continued to receive communication from concerned Converse County residents through April 2025 and learned that one leaseholder had rescinded their lease consent for the State-owned Duncan Ranch sections, thereby impacting the turbines planned near the trailhead. Also in April 2025, the State Board of Land Commissioners approved the State lease, which resulted in an appeal filed by Stephens Land & Livestock, LLC, with the Eighth District Court District. On December 8, 2025, District Court overturned the State Board’s lease approval, which the State Board could appeal to the Wyoming Supreme Court. On January 8, 2026, the State Board of Land Commissioners met in Douglas, publishing agenda items “Misc. Matters” and “Public comment Regarding Wind Leasing”. This meeting was widely publicized due to comments made by Board members during the meeting. Following this meeting, the Converse County Board of Commissioners released a public statement to clarify important facts regarding the Pronghorn H2 project, most notably that to date, no application has been submitted by Pronghorn or any of the associated firms. It was noted for the record that a pipeline being installed by True Ranches south of I-25 near Glenrock at the Bixby Ranch is being considered an irrigation pipeline [and did not require Commissioners approval]. In an effort to address concerns raised by citizens across multiple Wyoming counties, the Commissioners met with the WCCA (Wyoming County Commissioner Association) along with other impacted counties to discuss how counties can move forward and manage industrial projects whether the

counties have zoning or not. Both Niobrara and Goshen County have recently been impacted by these types of projects; the Industrial Siting Commission (ISC) procedures are complicated and strict. The WCCA sought legal and statutory review and developed a comprehensive guidance document to assist Wyoming Counties in the process of industrial applications. An important fact to note is that there is little authority in the absence of zoning laws and regulation. This was also advised by Mr. Richardson during the regular meeting on October 7, 2025. The Commissioners stated for the record that it is a dereliction of duty to form an opinion on a project unless and until the County receives an application. The first wind project in Converse County located south of I-25, is very different from the proposed Pronghorn H2 project, but the concerns of the citizens at that time are similar to the concerns now. Mr. Richardson restated that the Commissioner's authority is limited without any zoning regulations, which creates a basis for review, revisions, and greater opportunity for public participation. The Commissioners made additional statements for the record. Zoning regulation is the only tool that exists that allows denial by a County if an application meets all other requirements, particularly projects exclusively on private land. Moratoriums on industrial projects only delay the project because moratorium cannot be indefinite. Establishing zoning regulations is complicated and can be costly, and approximately half of Wyoming counties currently have zoning regulations in place. Even with zoning, Counties have no authority over water rights as these are exclusively owned by the State of Wyoming. A bill was presented in 2024 that would require a severance tax on water, but the Legislature did not consider the bill at the time. Although the Pronghorn project may or may not come to fruition, particularly considering the water usage, the need to protect Wyoming's waters is crucial, particularly given the likelihood of other industrial projects coming forward. Based on current lack of zoning, the public would have only two opportunities to address concerns with any industrial project, which is when the Commissioners and the ISC each independently consider the application. The ISC has authority over many other impacted sectors, including water, wildlife, air quality, and others, for which the Commissioners have no authority. A basic overview of the application process was reviewed for the record, which begins with an application submitted to and thoroughly reviewed by the Special Projects Coordinator; followed by presentation to and determination by the Commissioners that the application is complete; then presentation of the complete application to the Planning & Zoning Commission (P&Z), who performs a second thorough review of the application. Next, P&Z makes formal recommendation(s) to the Commissioners, as P&Z does not have authority to approve or deny an application and are required to submit the application to the Commissioners. The Commissioners then must hold a public hearing; the decision to approve or deny can be during the same meeting as the public hearing, or it can be deferred for a specific amount of time. During that time, the Commissioners can continue to receive public comments if they authorize it, which they have done. If the application is denied, a reason must be provided; the Commissioners can also make recommendations on the application prior to approval. However, impacts to neighboring properties is not legally a consideration in the absence of zoning laws and regulations allowing such factors. Commissioners expressed concerns with misinformation and disinformation presented by some individuals. The Commissioners acknowledged that they should have been

making more public statements to ensure the public had a better understanding of the project's status, including that they as a board are bound to follow the law. Typically, the County permit comes before the ISC application, but there is no requirement that one be submitted prior to the other. In addition, the personal feelings of the Commissioners have no bearing in relation to the approval or denial of any project, which must be subject to laws and regulations in place. The Pronghorn H2 project does not seem economically or otherwise feasible due to significant water usage and the change in subsidy credits resulting from the One Big Beautiful Bill Act. Economic feasibility is a requirement of the ISC for approval, as is reclamation and renewable third-party reclamation bonds. The single landowner/lease holder involved in the Pronghorn H2 project has not spoken for or against this project or made any public statement, and it is unclear why there has not been more focus on this fact. No currently seated Commissioner has any involvement with the Pronghorn H2 project and therefore has nothing to gain, which would be a conflict of interest by law and would remove any such Commissioner from acting on any aspect of the project. Ms. Cindy Stimson, Douglas Budget/Glenrock Independent, asked for clarification on whether a County and State-approved application would be required if the project moved forward strictly on the privately owned and leased lands of True Ranches, based on the District Court Order from December 2025. Per the Commissioners, the applications would still be required regardless of whether a project is on private or state lands, and that the vast majority of all other approved projects to date in Converse County have been exclusively on private property. Those few projects with any state lands were leased lands only. Further, the granting or losing of the lease does not remove the ability of the applicant to present an application for consideration. No further discussion and no action taken.

Mr. Short moved to recess into Executive Session pursuant to W.S. 16-4-405(a)(vii) to consider the selection of a site or the purchase of real estate when the publicity regarding the consideration would cause a likelihood of an increase in price. Mr. Grant seconded and motion carried; the regular meeting recessed at 4:50 p.m. and reconvened at 5:05 p.m. No action was taken.

Mr. Short moved to approve the Cooperative Agreement Between Converse County Firewise and Local Grant Program Administrator/Converse County for the financial administration of the various grants for Hazardous Fuels Reduction by the Converse County Firewise Committee and Converse County for a term from full execution until Jan. 31, 2027 ; Mr. Kaufman seconded; motion carried.

Mr. Short moved to approve the State of Wyoming Easement Applications for Roadways pursuant to House Enrolled Act 59 for the dedication of public roads within Converse County as presented for portions of CR14/Windy Ridge Rd; CR17A/Hiser Rd; CR18/Mormon Canyon Rd; Mr. Blackburn seconded. It was stated for the record that these easement applications will continue to be presented at the second Commissioner meeting of each month until completed; motion carried.

Mr. Grant moved to appoint Lonnie Soreson to the Glenrock Area Solid Waste Disposal District for an unexpired 3-year term from January 20, 2025 through July 31, 2027, contingent upon a favorable background check; Mr. Kaufman seconded; motion carried.

The Commissioners discussed scheduling a quarterly meeting with the Town of Glenrock and the Town of Rolling Hills and the scheduling of a work session to review speed studies and speed limits on CR1/Irvine Road, CR2/Anderson Dairy Road, and CR52/East Antelope Road.

The Commissioners directed that the electrical service for two meters at the County-owned shooting range be transferred into the name of Converse County.

The regular meeting adjourned at 5:24 p.m.

A regular meeting of this Board will be held on Tuesday and Wednesday, February 3 and 4, 2026, at 8:00 a.m., unless otherwise posted, at the Converse County Courthouse within Commission Chambers, located at 107 N. 5th Street, Douglas, Wyoming. The public is invited to attend. To get on the agenda, call the Clerk's Office by the Thursday before the meeting. Per W.S. §18-3-516(f), access to county information can be obtained at www.conversecountywy.gov or by calling the County Clerk's Office at (307) 358-2244.

FISCAL YEAR 2024 SAFE STREETS AND ROADS FOR ALL GRANT PROGRAM**

This agreement is between the United States Department of Transportation’s (the “USDOT”) Federal Highway Administration (the “FHWA”) and the County of Converse (the “Recipient”).

This agreement reflects the selection of the Recipient to receive a Safe Streets and Roads for All (“SS4A”) Grant for the Unincorporated County Road Safety Action Plan and conduct demonstration activities to facilitate plan development.

The parties therefore agree to the following:

**ARTICLE 1
GENERAL TERMS AND CONDITIONS**

1.1 General Terms and Conditions.

The General Terms and Conditions are part of this agreement.
- (b) The Recipient acknowledges that it has knowledge of the General Terms and Conditions. Recipient also states that it is required to comply with all applicable Federal laws and regulations including, but not limited to, the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR part 200); National Environmental Policy Act (NEPA) (42 U.S.C. § 4321 et seq.); and Build America, Buy America Act (IIJA, div. G §§ 70901-27).
- (c) The Recipient acknowledges that the General Terms and Conditions impose obligations on the Recipient and that the Recipient’s non-compliance with the General Terms and Conditions may result in remedial action, termination of the SS4A Grant, disallowing costs incurred for the Project, requiring the Recipient to refund to the FHWA the SS4A Grant, and reporting the non-compliance in the Federal-government-wide integrity and performance system.

Option Phase 2: Demonstration Activities. Purchase of two speed trailers and four mobile message trailers to perform speed and communication studies. All studies will be conducted with placement of trailers within existing county right of ways and utilized on a temporary basis. Data and feedback will then be analyzed for incorporation in the Action Plan for consideration of future permanent radar speed displays or message board installation.

ARTICLE 5 USDOT ADMINISTRATIVE INFORMATION

5.1 Office for Subaward and Contract Authorization.

USDOT Office for Subaward and Contract Authorization: FHWA Office of Acquisition and Grants Management

SUBAWARDS AND CONTRACTS APPROVAL

Note: See 2 CFR § 200.331, Subrecipient and contractor determinations, for definitions of subrecipient (who is awarded a subaward) versus contractor (who is awarded a contract).

Note: Recipients with a procurement system deemed approved and accepted by the Government or by the Agreement Officer (the “AO”) are exempt from the requirements of this clause. See 2 CFR 200.317 through 200.327.

In accordance with 2 CFR 200.308(f)(6), the recipient or subrecipient shall obtain prior written approval from the USDOT agreement officer for the subaward, if the subaward activities were not proposed in the application or approved in the Federal award. This provision is in accordance with 2 CFR 200.308 (f) (6) and does not apply to procurement transactions for goods and services. Approval will be issued through written notification from the AO or a formal amendment to the Agreement.

The following subawards and contracts are currently approved under the Agreement by the AO. This list does not include supplies, material, equipment, or general support services which are exempt from the pre-approval requirements of this clause.

5.2 Reimbursement Requests

- (a) The Recipient may request reimbursement of costs incurred within the budget period of this agreement if those costs do not exceed the amount of funds obligated and are allowable under the applicable cost provisions of 2 C.F.R. Part 200, Subpart E. The Recipient shall not request reimbursement more frequently than monthly.
- (b) The Recipient shall use the DELPHI iSupplier System to submit requests for reimbursement to the payment office. When requesting reimbursement of costs incurred or credit for cost share incurred, the Recipient shall electronically submit supporting cost detail with the SF-270 (Request for Advance or Reimbursement) or SF-271 (Outlay Report and Request for Reimbursement for Construction Programs) to clearly document all costs incurred.
- (c) The Recipient's supporting cost detail shall include a detailed breakout of all costs incurred, including direct labor, indirect costs, other direct costs, travel, etc., and the Recipient shall identify the Federal share and the Recipient's share of costs. If the Recipient does not provide sufficient detail in a request for reimbursement, the Agreement Officer's Representative (the "AOR") may withhold processing that request until the Recipient provides sufficient detail.
- (d) The USDOT shall not reimburse costs unless the AOR reviews and approves the costs to ensure that progress on this agreement is sufficient to substantiate payment.
- (e) In the rare instance the Recipient is unable to receive electronic funds transfers (EFT), payment by EFT would impose a hardship on the Recipient because of their inability to manage an account at a financial institution, and/or the Recipient is unable to use the DELPHI iSupplier System to submit their requests for disbursement, the FHWA may waive the requirement that the Recipient use the DELPHI iSupplier System. The Recipient shall contact the Division Office Lead Point of Contact for instructions on and requirements related to pursuing a waiver.
- (f) The requirements set forth in these terms and conditions supersede previous financial invoicing requirements for Recipients.

ARTICLE 6 SPECIAL GRANT TERMS

The Recipient also agrees that demonstration activities are temporary in nature and must be removed and/or ended following the conclusion of the project if the assessment of the demonstration activities does not affirm that the activities provide safety benefits.
- 6.6** The Recipient acknowledges that it is required to conduct certain environmental analyses and to prepare and submit to FHWA, or State with applicable NEPA Assignment authority, documents required under NEPA, and other applicable environmental statutes and regulations before the Government will obligate funds for Option Phase 1 under this agreement and provide the Recipient with a written notice to proceed with Option Phase 1.
- 6.7** The Government's execution of this agreement does not in any way constitute pre-approval or waiver of any of the regulations imposed upon Recipient under the applicable Federal rules, regulations and laws regarding SS4A projects undertaken in accordance with the terms and conditions of this agreement. SS4A Grant 32
USDOT 6

GENERAL TERMS AND CONDITIONS

The Infrastructure Investment and Jobs Act (Pub. L. 117–58, November 15, 2021; also referred to as the “IIJA”) established the Safe Streets and Roads for All (the “SS4A”) Discretionary Grant Program (IIJA Section 24112) and appropriated funds to the United States Department of Transportation (the “USDOT”) under Division J, Title VIII of IIJA to implement the program. The funds are available to provide Federal financial assistance to support local initiatives to prevent death and serious injury on roads and streets, commonly referred to as “Vision Zero” or “Toward Zero Deaths” initiatives.

The USDOT published a Notice of Funding Opportunity (the “NOFO”) to solicit applications for Federal financial assistance in Fiscal Year 2024 for the SS4A Discretionary Grant Program.

These general terms and conditions are incorporated by reference in a project-specific grant agreement under the fiscal year 2024 SS4A grant program. Articles 1–6 are in the project-specific portion of the agreement. The term “Recipient” is defined in the project-specific portion of the agreement. Attachments A through F are project-specific attachments.

ARTICLE 7 PURPOSE

7.1 Purpose. The purpose of this award is to improve roadway safety by significantly reducing or eliminating roadway fatalities and serious injuries through safety action plan development or projects focused on all users, including pedestrians, bicyclists, public transportation users, motorists, personal conveyance and micromobility users, and commercial vehicle operators. The parties will accomplish that purpose by achieving the following objectives:

- (1) timely completing the Project; and
- (2) ensuring that this award does not substitute for non-Federal investment in the Project, except as proposed in the Grant Application, as modified by section 3.3 and Attachment B.

ARTICLE 8 USDOT ROLE

8.1 Division of USDOT Responsibilities.

- (a) The Office of the Secretary of Transportation is ultimately responsible for the USDOT’s administration of the SS4A Grant Program.

- (b) The Federal Highway Administration (the “FHWA”) will administer this grant agreement on behalf of the USDOT. In this agreement, the “**Administering Operating Administration**” means the FHWA.

ARTICLE 9 RECIPIENT ROLE

9.1 Statements on the Project. The Recipient states that:

- (1) all material statements of fact in the Grant Application were accurate when that application was submitted; and
- (2) Attachment B documents all material changes in the information contained in that application.

9.2 Statements on Authority and Capacity. The Recipient states that:

- (1) it has the authority to receive Federal financial assistance under this agreement;
- (2) it has the legal authority to complete the Project, including either ownership and/or maintenance responsibilities over a roadway network; safety responsibilities that affect roadways; or has an agreement from the agency that has ownership and/or maintenance responsibilities for the roadway within the applicant’s jurisdiction; if applicable;
- (3) it has the capacity, including institutional, managerial, and financial capacity, to comply with its obligations under this agreement;
- (4) not less than the difference between the “Total Eligible Project Cost” and the “SS4A Grant Amount” listed in section 3.3 are committed to fund the Project;
- (5) it has sufficient funds available, or an agreement with the agency that has ownership and/or maintenance responsibilities for the roadway within the

recipient's jurisdiction, to ensure that infrastructure completed or improved under this agreement will be operated and maintained in compliance with this agreement and applicable Federal law; and

- (6) the individual executing this agreement on behalf of the Recipient has authority to enter this agreement and make the statements in this article 9 and in section 27.7 on behalf of the Recipient.

9.3 USDOT Reliance. The Recipient acknowledges that:

- (1) the USDOT relied on statements of fact in the Grant Application to select the Project to receive this award;
- (2) the USDOT relied on statements of fact in both the Grant Application and this agreement to determine that the Recipient and the Project are eligible under the terms of the NOFO;
- (3) the USDOT relied on statements of fact in both the Grant Application and this agreement to establish the terms of this agreement; and
- (4) the USDOT's selection of the Project to receive this award prevented awards under the NOFO to other eligible applicants.

9.4 Project Delivery.

- (a) The Recipient shall complete the Project under the terms of this agreement.
- (b) The Recipient shall ensure that the Project is financed, constructed, operated, and maintained in accordance with all applicable Federal laws, regulations, and policies.
- (c) The Recipient shall provide any certifications or assurances deemed necessary by the USDOT in ensuring the Recipient's compliance with all applicable laws, regulations, and policies.

- 9.6 Notification of Changes to Key Personnel.** The Recipient shall notify all USDOT representatives who are identified in Section 4.3 in writing within 30 calendar days of any change in key personnel who are identified in Section 4.2.

ARTICLE 10 AWARD AMOUNT, OBLIGATION, AND TIME PERIODS

- 10.1 Federal Award Amount** The USDOT hereby awards a SS4A Grant to the Recipient in the amount listed in section 2.2 as the SS4A Grant Amount.

10.2 Federal Obligations.

This agreement obligates funds for the period of performance listed on Page 1, Block 6 of the grant agreement.

- (a) If the Federal Obligation Type identified in section 2.3 is “Single,” then the project-specific agreement obligates for the budget period the amount listed in Section 2.2. as the Grant Amount and sections 10.2 (c)–10.2(f) do not apply to the project specific agreement.
- (b) If the Federal Obligation Type identified in section 2.3 is “Multiple,” (for phased agreements) then an amount up to the Grant Amount listed in Section 2.2 will be obligated with one initial obligation and one or more subsequent, optional obligations, as described in sections 10.2(c)–10.2(f).
- (c) The Obligation Condition Table in section 2.3 allocates the Grant funds among separate phases of the Project for the purpose of the Federal obligation of funds. The scope of each phase of the Project that is identified in that table is described in section 2.3.
- (d) The project-specific agreement obligates for the budget period only the amounts allocated in the Obligation Condition Table in section 2.3 to portions of the Project for which that table does not list an obligation condition.
- (e) The project-specific agreement does not obligate amounts allocated in the Obligation Condition Table in section 2.3 to portions of the Project for which that table lists an obligation condition. The parties may obligate the amounts allocated to those portions of the Project only by modifying the project specific agreement under section 21.
- (f) For each portion of the Project for which the Obligation Condition Table in section 2.3 lists an obligation condition, the amount allocated in that table to that portion of the Project will be obligated if the condition is met not later than the date listed in Section 2.4 of the project-specific agreement.

(g) For any portion of the Project for which the Obligation Condition Table in section 2.3 lists an obligation condition, if the obligation condition is satisfied, the parties amend this agreement documenting that:

(1) the FHWA determines that the obligation condition listed in that table for that portion of the Project is satisfied; and

(2) the FHWA determines that all applicable Federal requirements for obligating the amount are satisfied.

(h) The Recipient shall not request reimbursement of costs for a portion of the Project for which the Obligation Condition Table in section 2.3 lists an obligation condition, unless the amount allocated in that table to that portion of the Project is obligated under section 10.2(c)-(f).

(i) Reserved.

(j) The Recipient acknowledges that:

(1) the FHWA is not liable for payments for a portion of the Project for which the Obligation Condition Table in section 2.3 lists an obligation condition, unless the amount allocated in that table to that portion of the Project is obligated under section 10.2(c)-(f);

(2) any portion of the Grant that is not obligated under this section 10.2 by the budget period end date identified in the project-specific agreement for those funds lapses on the day after that date and becomes unavailable for the Project; and

(3) the FHWA may consider the failure to obligate funds by the budget period end date identified in the project-specific agreement as applicable to the Grant Program for those funds to be a basis for terminating the project-specific agreement under section 16.

10.3 Budget Period

The budget period for this award begins on the effective date of this agreement and ends on the budget period end date that is listed in section 2.4, which shall be no later than 5 years from the date of grant execution. In this agreement, “budget period” is used as defined at 2 C.F.R. 200.1.

10.4 Period of Performance.

(a) The period of performance for this award begins on the effective date of award listed in page 1, Block 2 and ends on the period of performance end date that is listed in Page 1, Block 6.

(b) In this agreement, “period of performance” is used as defined at 2 C.F.R. 200.1.

ARTICLE 11
STATEMENT OF WORK, SCHEDULE, AND BUDGET CHANGES

- 11.1 Notification Requirement.** The Recipient shall notify all USDOT representatives who are identified in section 4.3 in writing within 30 calendar days of any change in circumstances or commitments that adversely affect the Recipient’s plan to complete the Project. In that notification, the Recipient shall describe the change and what actions the Recipient has taken or plans to take to ensure completion of the Project. This notification requirement under this section 11.1 is separate from any requirements under this article 11 that the Recipient request amendment of this agreement.
- 11.2 Statement of Work Changes.** If the Project’s activities differ from the statement of work that is described in section 3.1 and Attachment B, then the Recipient shall request an amendment of this agreement to update section 3.1.
- 11.3 Schedule Changes.** If one or more of the following conditions are satisfied, then the Recipient shall request an amendment of this agreement to update the relevant date(s):
- (1) a substantial completion date for the Project or a component of the Project that is listed in section 3.2 and the Recipient’s estimate for that milestone changes to a date that is more than six months after the date listed in section 3.2; or
 - (2) a schedule change would require the period of performance to continue after the period of performance end date listed on Page 1, Block 6 (i.e., for projects with multiple phases, changes to the base phase budget period end date for projects with two phases, or changes to base or secondary phase budget period end dates for projects with three phases, etc., will not trigger notification/modification requirements).

For other schedule changes, the Recipient shall request an amendment of this agreement unless the USDOT has consented, in writing consistent with applicable requirements, to the change.

11.4 Budget Changes.

- (a) The Recipient acknowledges that if the cost of completing the Project increases:
 - (1) that increase does not affect the Recipient’s obligation under this agreement to complete the Project; and
 - (2) the USDOT will not increase the amount of this award to address any funding shortfall.
- (b) The Recipient shall request an amendment of this agreement to update section 3.3 and Attachment B if, in comparing the Project’s budget to the amounts listed in section 3.3:
 - (1) the “Non-Federal Funds” amount decreases; or

- (2) the “Total Eligible Project Cost” amount decreases.
- (c) For budget changes that are not identified in section 11.4(b), the Recipient shall request an amendment of this agreement to update section 3.3 and Attachment B unless the USDOT has consented, in writing consistent with applicable requirements, to the change.
- (d) If the actual eligible project costs are less than the “Total Eligible Project Cost” that is listed in section 3.3, then the Recipient may propose to the USDOT, in writing consistent with applicable requirements, specific additional activities that are within the scope of this award, as defined in sections 7.1 and 3.1, and that the Recipient could complete with the difference between the “Total Eligible Project Cost” that is listed in section 3.3 and the actual eligible project costs.
- (e) If the actual eligible project costs are less than the “Total Eligible Project Cost” that is listed in section 3.3 and either the Recipient does not make a proposal under section 11.4(d) or the USDOT does not accept the Recipient’s proposal under section 11.4(d), then:
 - (1) in a request under section 11.4(b), the Recipient shall reduce the Federal Share by the difference between the “Total Eligible Project Cost” that is listed in section 3.3 and the actual eligible project costs; and
 - (2) if that amendment reduces this award and the USDOT had reimbursed costs exceeding the revised award, the Recipient shall request to add additional project work that is within the scope of this project.

In this agreement, “**Federal Share**” means the sum of the “SS4A Grant Amount” and the “Other Federal Funds” amounts that are listed in section 3.3(a).

- (f) The Recipient acknowledges that amounts that are required to be refunded under section 11.4(e)(2) constitute a debt to the Federal Government that the USDOT may collect under 2 C.F.R. 200.346 and the Standards for Administrative Collection of Claims (31 C.F.R. part 901).

11.5 USDOT Acceptance of Changes. The USDOT may accept or reject amendments requested under this article 11, and in doing so may elect to consider only the interests of the SS4A grant program and the USDOT. The Recipient acknowledges that requesting an amendment under this article 11 does not amend, modify, or supplement this agreement unless the USDOT accepts that amendment request and the parties modify this agreement under section 21.1.

ARTICLE 12 GENERAL REPORTING TERMS

12.1 Report Submission. The Recipient shall send all reports required by this agreement to all USDOT contacts who are listed in section 4.3. Reports will be added to a central repository maintained by FHWA.

12.2 Alternative Reporting Methods. FHWA may establish processes for the Recipient to submit reports required by this agreement, including electronic submission processes. If the Recipient is notified of those processes in writing, the Recipient shall use the processes required by the FHWA.

12.3 Paperwork Reduction Act Notice.

Under 5 C.F.R. 1320.6, the Recipient is not required to respond to a collection of information that does not display a currently valid control number issued by the Office of Management and Budget (the “OMB”). Collections of information conducted under this agreement are approved under OMB Control No. 2125-0675.

If the date of this agreement is in the final month of a calendar year, then the Recipient shall submit the first Quarterly Performance Progress Report in the second calendar year quarter that begins after the date of this agreement.

13.2 Quarterly Financial Status. Quarterly, on or before the 20th day of the first month of each calendar year (e.g., reports due on or before January 20th, April 20th, July 20th, and October 20th) and until the end of the period of performance, the Recipient shall submit a Federal Financial Report using SF-425.

13.3 Final Performance Progress Reports and Financial Status. No later than 120 days after the end of the period of performance, the Recipient shall submit:

- (1) a Final Performance Progress Report in the format and with the content described in Exhibit C for each Quarterly Performance Progress Report, including a final Federal Financial Report (SF-425); and
- (2) any other information required under the Administering Operating Administration's award closeout procedures.

ARTICLE 14 PERFORMANCE REPORTING

14.1 Baseline Performance Measurement. Recipients of Implementation Grants or Planning and Demonstration Grants with demonstration activities shall:

- (1) collect data for each performance measure that is identified in the Performance Measure Table in Attachment A, accurate as of the Baseline Measurement Date that is identified in Attachment A; and
- (2) on or before the Baseline Report Date that is stated in Attachment A, the Recipient shall submit a Baseline Performance Measurement Report that contains the data collected under this section 14.1 and a detailed description of the data sources, assumptions, variability, and estimated levels of precision for each performance measure that is identified in the Performance Measure Table in Attachment A.

14.2 SS4A Final Report.

The Recipient shall submit to the USDOT, not later than 120 days after the end of the period of performance, a report in the format specified by FHWA and with the content described in Attachment A that describes, consistent with sections 24112(g)-(h) of IIJA:

- (1) the costs of each eligible project and strategy carried out using the grant;
- (2) the roadway safety outcomes and any additional benefits (e.g., increased walking, biking, or transit use without a commensurate increase in serious and fatal crashes, etc.) that each such project and strategy has generated, as—
 - identified in the grant application; and
 - measured by data to the maximum extent practicable;
- (3) [RESERVED]
- (4) the lessons learned, and any recommendations related to future projects or strategies to prevent death and serious injuries on roads and streets.

14.3 Performance Measurement Information.

For each performance measure identified to be submitted annually in the Performance Measure Table in Attachment A, not later than January 31 of each year, the Recipient shall submit to the USDOT a Performance Measurement Report containing the data collected in the previous calendar year and stating the dates when the data was collected.

14.4 Performance Reporting Survival.

The data collection and reporting requirements in this article 14 survive the termination of this agreement which is three years post period of performance.

14.5 Program Evaluation.

As a condition of grant award, the recipient may be required to participate in an evaluation undertaken by USDOT, or another agency or partner. The evaluation may take different forms such as an implementation assessment across grant recipients, an impact and/or outcomes analysis of all or selected sites within or across grant recipients, before/after photographs of the sites, qualitative activities such as videos describing the project and its impact on the community, or a benefit/cost analysis or assessment of return on investment. The Department may require applicants to collect data elements to aid the evaluation. As a part of the evaluation, as a condition of award, grant recipients must agree to: (1) make records available to the evaluation contractor; (2) provide access to program records, and any other relevant documents to calculate costs and benefits; (3) in the case of an impact analysis, facilitate the access to relevant information as requested; and (4) follow evaluation procedures as specified by the evaluation contractor or USDOT staff.

ARTICLE 15

NONCOMPLIANCE AND REMEDIES

15.1 Noncompliance Determinations.

- (a) If the USDOT determines that the Recipient may have failed to comply with the United States Constitution, Federal law, or the terms and conditions of this agreement, the USDOT may notify the Recipient of a proposed determination of noncompliance. For the notice to be effective, it must be written and the USDOT must include an explanation of the nature of the noncompliance, describe a remedy, state whether that remedy is proposed or effective at an already determined date, and describe the process through and form in which the Recipient may respond to the notice.
- (b) If the USDOT notifies the Recipient of a proposed determination of noncompliance under section 15.1(a), the Recipient may, not later than 7 calendar days after the notice, respond to that notice in the form and through the process described in that notice. In its response, the Recipient may:

- (1) accept the remedy;
- (2) acknowledge the noncompliance, but propose an alternative remedy; or
- (3) dispute the noncompliance.

To dispute the noncompliance, the Recipient must include in its response documentation or other information supporting the Recipient's compliance.

- (c) The USDOT may make a final determination of noncompliance only:
- (1) after considering the Recipient's response under section 15.1(b); or
 - (2) if the Recipient fails to respond under section 15.1(b), after the time for that response has passed.
- (d) To make a final determination of noncompliance, the USDOT must provide a notice to the Recipient that states the basis for that determination.

15.2 Remedies.

- (a) If the USDOT makes a final determination of noncompliance under section 15.1(d), the USDOT may impose a remedy, including:
- (1) additional conditions on the award;
 - (2) any remedy permitted under 2 C.F.R. 200.339–200.340, including withholding of payments; disallowance of previously reimbursed costs, requiring refunds from the Recipient to USDOT; suspension or termination of the award; or suspension and disbarment under 2 C.F.R. part 180; or
 - (3) any other remedy legally available.
- (b) To impose a remedy, the USDOT must provide a written notice to the Recipient that describes the remedy, but the USDOT may make the remedy effective before the Recipient receives that notice.
- (c) If the USDOT determines that it is in the public interest, the USDOT may impose a remedy, including all remedies described in section 15.2(a), before making a final determination of noncompliance under section 15.1(d). If it does so, then the notice provided under section 15.1(d) must also state whether the remedy imposed will continue, be rescinded, or modified.
- (d) In imposing a remedy under this section 15.2 or making a public interest determination under section 15.2(c), the USDOT may elect to consider the interests of only the USDOT.
- (e) The Recipient acknowledges that amounts that the USDOT requires the Recipient to refund to the USDOT due to a remedy under this section 15.2 constitute a debt to the

Federal Government that the USDOT may collect under 2 C.F.R. 200.346 and the Standards for Administrative Collection of Claims (31 C.F.R. part 901).

15.3 Other Oversight Entities.

Nothing in this article 15 limits any party's authority to report activity under this agreement to the United States Department of Transportation Inspector General or other appropriate oversight entities.

ARTICLE 16 AGREEMENT TERMINATION

16.1 USDOT Termination.

- (a) The USDOT may terminate this agreement and all its obligations under this agreement if any of the following occurs:
 - (1) the Recipient fails to obtain or provide any non-SS4A Grant contribution (all eligible project costs other than the SS4A Grant Amount, as described in section 3.3(a) of the grant agreement) or alternatives approved by the USDOT as provided in this agreement and consistent with article 3;
 - (2) a construction start date for the project or strategy is listed in section 3.2 and the Recipient fails to meet that milestone by six months after the date listed in section 3.2;
 - (3) a substantial completion date for the project or strategy is listed in section 3.2 and the Recipient fails to meet that milestone by six months after the date listed in section 3.2;
 - (4) the Recipient fails to comply with the terms and conditions of this agreement, including a material failure to comply with the schedule in section 3.2 even if it is beyond the reasonable control of the Recipient; or,
 - (5) the USDOT determines that termination of this agreement is in the public interest.
 - (6) the Recipient fails to expend the funds within 5 years after the date on which the government executes the grant agreement, which is the date funds are provided for the project.
- (b) In terminating this agreement under this section, the USDOT may elect to consider only the interests of the USDOT.
- (c) This section 16.1 does not limit the USDOT's ability to terminate this agreement as a remedy under section 15.2.

- (d) The Recipient may request that the USDOT terminate the agreement under this section 16.1.

16.2 Closeout Termination.

- (a) This agreement terminates on Project Closeout.
- (b) In this agreement, “**Project Closeout**” means the date that the USDOT notifies the Recipient that the award is closed out. Under 2 C.F.R. 200.344, Project Closeout should occur no later than one year after the end of the period of performance.

16.3 Post-Termination Adjustments. The Recipient acknowledges that under 2 C.F.R. 200.345–200.346, termination of the agreement does not extinguish the USDOT’s authority to disallow costs, including costs that USDOT reimbursed before termination, and recover funds from the Recipient.

16.4 Non-Terminating Events.

- (a) The end of the period of performance described under section 10.4 does not terminate this agreement or the Recipient’s obligations under this agreement.
- (b) The liquidation of funds under section 20.1 does not terminate this agreement or the Recipient’s obligations under this agreement.

16.5 Other Remedies. The termination authority under this article 16 supplements and does not limit the USDOT’s remedial authority under article 15 or 2 C.F.R. part 200, including 2 C.F.R. 200.339–200.340.

ARTICLE 17 MONITORING, FINANCIAL MANAGEMENT, CONTROLS, AND RECORDS

17.1 Recipient Monitoring and Record Retention.

- (a) The Recipient shall monitor activities under this award, including activities under subawards and contracts, to ensure:
 - (1) that those activities comply with this agreement; and
 - (2) that funds provided under this award are not expended on costs that are not allowable under this award or not allocable to this award.
- (b) If the Recipient makes a subaward under this award, the Recipient shall monitor the activities of the subrecipient in compliance with 2 C.F.R. 200.332(e).
- (c) The Recipient shall retain records relevant to the award as required under 2 C.F.R. 200.334.

17.2 Financial Records and Audits.

- (a) The Recipient shall keep all project accounts and records that fully disclose the amount and disposition by the Recipient of the award funds, the total cost of the project, and the amount or nature of that portion of the cost of the project supplied by other sources, and any other financial records related to the project.
- (b) The Recipient shall keep accounts and records described under section 17.2(a) in accordance with a financial management system that meets the requirements of 2 C.F.R. 200.302–200.307, 2 C.F.R. part 200, subpart F, and title 23, United States Code, and will facilitate an effective audit in accordance with 31 U.S.C. 7501–7506.
- (c) The Recipient shall separately identify expenditures under the fiscal year 2024 SS4A grants program in financial records required for audits under 31 U.S.C. 7501–7506. Specifically, the Recipient shall:
 - (1) list expenditures under that program separately on the schedule of expenditures of Federal awards required under 2 C.F.R. part 200, subpart F, including “FY 2024” in the program name; and

ARTICLE 18 CONTRACTING AND SUBAWARDS

18.1 Build America, Buy America. This award term implements § 70914(a) of the Build America, Buy America Act, Pub. L. No. 117-58, div. G, tit. IX, subtitle A, 135 Stat. 429, 1294 (2021), 2 CFR part 184, and Office of Management and Budget (OMB) Memorandum M-24-02, “Implementation Guidance on Application of Buy America Preference in Federal Financial Assistance Programs for Infrastructure.”

Requirement to Use Iron, Steel, Manufactured Products, and Construction Materials Produced in the United States.

The Recipient shall not use funds provided under this award for a project for infrastructure unless:

- (1) all iron and steel used in the project are produced in the United States—this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;
- (2) all manufactured products used in the project are produced in the United States—this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product; and
- (3) all construction materials are manufactured in the United States—this means that all manufacturing processes for the construction material occurred in the United States. The construction material standards for each construction material are provided at 2 CFR 184.6.

Inapplicability.

The domestic content procurement preference in this award term only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a domestic content procurement preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

Categorization of articles, materials, and supplies.

An article, material, or supply should only be classified into one of the following categories: (i) Iron or steel products; (ii) manufactured products; (iii) construction materials; or (iv) Section 70917(c) materials. An article, material, or supply should not be considered to fall into multiple categories. In some cases, an article, material, or supply may not fall under any of the categories listed in this paragraph. The classification of an article, material, or supply as falling into one of the categories listed in this paragraph must be made based on its status at the time it is brought to the work site for incorporation into an infrastructure project. In general, the work site is the location of the infrastructure project at which the iron, steel, manufactured products, and construction materials will be incorporated. An article, material, or supply incorporated into an infrastructure project must meet the requirements for only the single category in which it is classified.

Waivers.

When necessary, the Recipient may apply for, and the USDOT may grant, a waiver from the domestic content procurement preference in this award term.

A request to waive the application of the domestic content procurement preference must be in writing. The USDOT will provide instructions on the waiver process and on the format, contents, and supporting materials required for any waiver request. Waiver requests are subject to public comment periods of no less than 15 days and must be reviewed by the Office of Management and Budget (OMB) Made in America Office.

When the USDOT has made a determination that one of the following exceptions applies, the awarding official may waive the application of the domestic content procurement preference in any case in which the USDOT determines that:

- (1) applying the domestic content procurement preference would be inconsistent with the public interest;
- (2) the types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality; or
- (3) the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent.

There may be instances where an award qualifies, in whole or in part, for an existing waiver described at <https://www.transportation.gov/office-policy/transportation-policy/made-in-america>.

Definitions

“**Construction materials**” means articles, materials, or supplies that consist of only one of the items listed in paragraph (2) of this definition, except as provided in paragraph (1) of this definition. To the extent that one of the items listed in paragraph (1) contains as inputs other items listed in paragraph (2), it is nonetheless a construction material.

- (1) The listed items are:
 - non-ferrous metals;
 - plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables);
 - glass (including optic glass);
 - fiber optic cable (including drop cable)
 - lumber;
 - engineered wood; and
 - drywall.

(2) Minor additions of articles, materials, supplies, or binding agents to a construction material do not change the categorization of the construction material.

“Domestic content procurement preference” means all iron and steel used in the project are produced in the United States; the manufactured products used in the project are produced in the United States; or the construction materials used in the project are produced in the United States.

“Iron or steel products” means articles, materials, or supplies that consist wholly or predominantly of iron or steel or a combination of both.

“Manufactured products” means

(1) Articles, materials, or supplies that have been: (i) Processed into a specific form and shape; or (ii) combined with other articles, materials, or supplies to create a product with different properties than the individual articles, materials, or supplies.

(2) If an item is classified as an iron or steel product, a construction material, or a Section 70917(c) material under 2 CFR 184.4(e) and the definitions set forth in 2 CFR 184.3, then it is not a manufactured product. However, an article, material, or supply classified as a manufactured product under 2 CFR 184.4(e) and paragraph (1) of this definition may include components that are construction materials, iron or steel products, or Section 70917(c) materials.

“Predominantly of iron or steel or a combination of both” means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forging utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components.

“Project” means the development of a safety action plan (including supplemental and topical plans) or the temporary or permanent construction, alteration, maintenance, or repair of infrastructure in the United States.

“Section 70917(c) materials” cement and cementitious materials; aggregates such as stone, sand, or gravel; or aggregate binding agents or additives.

18.2 Small and Disadvantaged Business Requirements. The Recipient shall expend all funds under this award in compliance with the requirements at 2 C.F.R. 200.321 including any amendments thereto.

18.3 Engineering and Design Services. The Recipient shall award each contract or sub-contract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping, or related services with respect to the project in the same manner that a contract

for architectural and engineering services is negotiated under 2 C.F.R. 200.320 or an equivalent qualifications-based requirement prescribed for or by the Recipient.

18.4 Foreign Market Restrictions. The Recipient shall not allow funds provided under this award to be used to fund the use of any product or service of a foreign country during the period in which such foreign country is listed by the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

18.5 Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment. The Recipient acknowledges that Section 889 of Pub. L. No. 115-232, 2 C.F.R. 200.216 and 2 C.F.R. 200.471 prohibit the Recipient and all subrecipients from procuring or obtaining certain telecommunications and video surveillance services or equipment under this award.

18.6 Recipient Responsibilities for Subawards.

If the Recipient makes a subaward under this award, the Recipient shall comply with the requirements on pass-through entities under 2 C.F.R. parts 200 and 1201, including 2 C.F.R. 200.331–200.333.

18.7 Subaward and Contract Authorization.

If the USDOT Office for Subaward Authorization identified in section 5.1 is “FHWA Office of Acquisition and Grants Management,” then the Recipient must follow the requirements in 2 C.F.R. 200.308 (f) (6) and 2 C.F.R. 200.333, as applicable, for the subaward of any SS4A Grant work under the Project-Specific Agreement. Approvals under 2 CFR 200.308(f)(6) do not apply to the procurement acquisition of goods and services.

ARTICLE 19 COSTS, PAYMENTS, AND UNEXPENDED FUNDS

19.1 Limitation of Federal Award Amount. Under this award, the USDOT shall not provide funding greater than the amount obligated on the SS4A Grant cover page, Item 11, Federal Funds Obligated. The Recipient acknowledges that USDOT is not liable for payments exceeding that amount, and the Recipient shall not request reimbursement of costs exceeding that amount.

19.3 Timing of Project Costs.

- (a) The Recipient shall not charge to this award costs that are incurred after the period of performance.

The Recipient shall make all reasonable efforts, including initiating litigation, if necessary, to recover Federal funds if the USDOT determines, after consultation with the Recipient, that those funds have been spent fraudulently, wastefully, or in violation of Federal laws, or misused in any manner under this award. The Recipient shall not enter a settlement or other final position, in court or otherwise, involving the recovery of funds under the award unless approved in advance in writing by the USDOT.

19.5 Unexpended Federal Funds. Any Federal funds that are awarded at section 10.1 but not expended on allocable, allowable costs remain the property of the United States.

19.6 Timing of Payments to the Recipient. When reimbursement is used, the Recipient shall not request reimbursement of a cost before the Recipient has entered an obligation for that cost.

19.7 Payment Method. The USDOT may deny a payment request that is not submitted using the method identified in section 5.2.

19.8 Information Supporting Expenditures.

(a) If the USDOT Payment System identified in section 5.2 is “DELPHI iSupplier,” then when requesting reimbursement of costs incurred or credit for cost share incurred, the Recipient shall electronically submit the SF-270 (Request for Advance or Reimbursement) or SF-271 (Outlay Report and Request for Reimbursement for Construction Programs), shall identify the Federal share and the Recipient’s share of costs, and shall submit supporting cost detail to clearly document all costs incurred. As supporting cost detail, the Recipient shall include a detailed breakout of all costs incurred, including direct labor, indirect costs, other direct costs, and travel.

(b) If the Recipient submits a request for reimbursement that the USDOT determines does not include or is not supported by sufficient detail, the USDOT may deny the request or withhold processing the request until the Recipient provides sufficient detail.

19.9 Reimbursement Frequency. If the USDOT Payment System identified in section 5.2 is “DELPHI iSupplier,” then the Recipient shall not request reimbursement more frequently than monthly.

19.10 Match. The recipient should show on each request for reimbursement that at least 20 percent of the incurred costs will count towards match. If the recipient intends to vary the match percentage over the life of the project, it must communicate its plan to USDOT. The recipient is responsible for tracking match according to the plan. At the completion of the grant award, the cost share requirement must be met, and Federal funds must not exceed the project's Federal share.

DOT Order No. 1050.2A

By signing and submitting the Technical Application and by entering into this agreement under the FY 2024 Safe Streets and Roads for All (SS4A) grant program, the Recipient **HEREBY AGREES THAT**, as a condition to receiving any Federal financial assistance from the U.S. Department of Transportation (DOT), through the Federal Highway Administration (FHWA), it is subject to and will comply with the following:

Statutory/Regulatory Authorities

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*, 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin);
- 49 C.F.R. Part 21, including any amendments thereto (entitled *Non-discrimination In Federally-Assisted Programs Of The Department Of Transportation—Effectuation Of Title VI Of The Civil Rights Act Of 1964*);
- 28 C.F.R. section 50.3 (U.S. Department of Justice Guidelines for Enforcement of Title VI of the Civil Rights Act of 1964);

The preceding statutory and regulatory cites hereinafter are referred to as the “Acts” and “Regulations,” respectively.

General Assurances

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity,” for which the Recipient receives Federal financial assistance from DOT, including the FHWA.

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these non-discrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted FY 2024 SS4A grant program:

1. The Recipient agrees that each “activity,” “facility,” or “program,” as defined in §§ 21.23 (b) and 21.23 (e) of 49 C.F.R. Part 21, including any amendments thereto, will be (with regard to an “activity”) facilitated, or will be (with regard to a “facility”) operated, or will be (with regard to a “program”) conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with the FY 2024 SS4A Grant and, in adapted form, in all proposals for negotiated agreements regardless of funding source:

“The Recipient, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.”

3. The Recipient will insert the clauses of Appendix A and E of this Assurance in every contract or agreement subject to the Acts and the Regulations.

4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
 - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:
 - a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
 - b. the period during which the Recipient retains ownership or possession of the property.
9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.
10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, the Recipient also agrees to comply (and require any sub-recipients, contractors, successors, transferees, and/or assignees to comply) with all applicable

provisions governing the FHWA's access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by the FHWA. You must keep records, reports, and submit the material for review upon request to FHWA, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

The Recipient gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation under the FY 2024 SS4A grant program. This ASSURANCE is binding on the Recipient, other recipients, sub-recipients, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the FY 2024 SS4A grant program.

APPENDIX A

4. **Information and Reports:** The contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the FHWA to be pertinent to ascertain compliance with such Acts, Regulations, and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the contractor will so certify to the Recipient or the FHWA, as appropriate, and will set forth what efforts it has made to obtain the information.
5. **Sanctions for Noncompliance:** In the event of a contractor’s noncompliance with the Non-discrimination provisions of this contract, the Recipient will impose such contract sanctions as it or the FHWA may determine to be appropriate, including, but not limited to:
 - a. withholding payments to the contractor under the contract until the contractor complies; and/or
 - b. cancelling, terminating, or suspending a contract, in whole or in part.
6. **Incorporation of Provisions:** The contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant

thereto. The contractor will take action with respect to any subcontract or procurement as the Recipient or the FHWA may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the contractor may request the Recipient to enter into any litigation to protect the interests of the Recipient. In addition, the contractor may request the United States to enter into the litigation to protect the interests of the United States.

2 C.F.R. Parts 180 and 1200

These assurances and certifications are applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements,

consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost \$25,000 or more – as defined in 2 C.F.R. Parts 180 and 1200.

By signing and submitting the Technical Application and by entering into this agreement under the FY 2024 SS4A grant program, the Recipient is providing the assurances and certifications for First Tier Participants and Lower Tier Participants in the FY 2024 SS4A Grant, as set out below.

1. Instructions for Certification – First Tier Participants:

a. The prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency’s determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

e. The terms “covered transaction,” “civil judgment,” “debarred,” “suspended,” “ineligible,” “participant,” “person,” “principal,” and “voluntarily excluded,” as used in this clause, are defined in 2 C.F.R. Parts 180 and 1200. “First Tier Covered Transactions” refers to any covered transaction between a Recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). “Lower Tier Covered Transactions” refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). “First Tier Participant” refers to the participant who has entered into a covered transaction with a Recipient or subrecipient of Federal funds (such as the prime or general contractor). “Lower Tier Participant” refers to any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions,” provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (<https://www.sam.gov/>), which is compiled by the General Services Administration.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency;

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment, including a civil settlement, rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

2. Instructions for Certification - Lower Tier Participants:

(Applicable to all subcontracts, purchase orders and other lower tier transactions requiring prior FHWA approval or estimated to cost \$25,000 or more - 2 C.F.R. Parts 180 and 1200)

a. The prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances.

d. The terms “covered transaction,” “civil settlement,” “debarred,” “suspended,” “ineligible,” “participant,” “person,” “principal,” and “voluntarily excluded,” as used in this clause, are defined in 2 C.F.R. Parts 180 and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. “First Tier Covered Transactions” refers to any covered transaction between a Recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). “Lower Tier Covered Transactions” refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). “First Tier Participant” refers to the participant who has entered into a covered transaction with a Recipient or subrecipient of Federal funds (such as the prime or general contractor). “Lower Tier Participant” refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (<https://www.sam.gov/>), which is compiled by the General Services Administration.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion -- Lower Tier Participants:

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

TERM B.3
REQUIREMENTS REGARDING DELINQUENT TAX LIABILITY OR A FELONY
CONVICTION UNDER ANY FEDERAL LAW

As required by sections 744 and 745 of Title VII, Division E of the Consolidated Appropriations Act, 2023, Pub. L. No. 117-328 (Dec. 29, 2022), and implemented through USDOT Order 4200.6, the funds provided under this award shall not be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that:

- (1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless a Federal agency has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or
- (2) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless a federal agency has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government.

The Recipient therefore agrees:

1. **Definitions.** For the purposes of this exhibit, the following definitions apply:

“**Covered Transaction**” means a transaction that uses any funds under this award and that is a contract, memorandum of understanding, cooperative agreement, grant, loan, or loan guarantee.

“**Felony Conviction**” means a conviction within the preceding 24 months of a felony criminal violation under any Federal law and includes conviction of an offense defined in a section of the United States Code that specifically classifies the offense as a felony and conviction of an offense that is classified as a felony under 18 U.S.C. 3559.

“**Participant**” means the Recipient, an entity who submits a proposal for a Covered Transaction, or an entity who enters into a Covered Transaction.

“**Tax Delinquency**” means an unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.

2. **Mandatory Check in the System for Award Management.** Before entering a Covered Transaction with another entity, a Participant shall check the System for Award Management (the “SAM”) at <http://www.sam.gov/> for an entry describing that entity.

3. **Mandatory Certifications.** Before entering a Covered Transaction with another entity, a Participant shall require that entity to:

- (1) Certify whether the entity has a Tax Delinquency; and
- (2) Certify whether the entity has a Felony Conviction.

4 **Prohibition. If**

- (1) the SAM entry for an entity indicates that the entity has a Tax Delinquency or a Federal Conviction;
- (2) an entity provides an affirmative response to either certification in section 3; or
- (3) an entity’s certification under section 3 was inaccurate when made or became inaccurate after being made

then a Participant shall not enter or continue a Covered Transaction with that entity unless the USDOT has determined in writing that suspension or debarment of that entity are not necessary to protect the interests of the Government.

5. **Mandatory Notice to the USDOT.**

- (a) If the SAM entry for a Participant indicates that the Participant has a Tax Delinquency or a Felony Conviction, the Recipient shall notify the USDOT in writing of that entry.
- (b) If a Participant provides an affirmative response to either certification in section 1, the Recipient shall notify the USDOT in writing of that affirmative response.
- (c) If the Recipient knows that a Participant’s certification under section 1 was inaccurate when made or became inaccurate after being made, the Recipient shall notify the USDOT in writing of that inaccuracy.

6. **Flow Down.** For all Covered Transactions, including all tiers of subcontracts and subawards, the Recipient shall:

- (1) require the SAM check in section 2;
- (2) require the certifications in section 3;
- (3) include the prohibition in section 4; and

(4) require all Participants to notify the Recipient in writing of any information that would require the Recipient to notify the USDOT under section 5.

TERM B.4
RECIPIENT POLICY TO BAN TEXT MESSAGING WHILE DRIVING

(a) *Definitions.* The following definitions are intended to be consistent with the definitions in DOT Order 3902.10, Text Messaging While Driving (Dec. 30, 2009) and Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving (Oct. 1, 2009). For clarification purposes, they may expand upon the definitions in the executive order.

For the purpose of this Term B.4, “**Motor Vehicles**” means any vehicle, self-propelled or drawn by mechanical power, designed and operated principally for use on a local, State or Federal roadway, but does not include a military design motor vehicle or any other vehicle excluded under Federal Management Regulation 102-34-15.

For the purpose of this Term B.4, “**Driving**” means operating a motor vehicle on a roadway, including while temporarily stationary because of traffic congestion, a traffic signal, a stop sign, another traffic control device, or otherwise. It does not include being in your vehicle (with or without the motor running) in a location off the roadway where it is safe and legal to remain stationary.

For the purpose of this Term B.4, “**Text messaging**” means reading from or entering data into any handheld or other electronic device (including, but not limited to, cell phones, navigational tools, laptop computers, or other electronic devices), including for the purpose of Short Message Service (SMS) texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication. The term does not include the use of a cell phone or other electronic device for the limited purpose of entering a telephone number to make an outgoing call or answer an incoming call, unless this practice is prohibited by State or local law. The term also does not include glancing at or listening to a navigational device that is secured in a commercially designed holder affixed to the vehicle, provided that the destination and route are programmed into the device either before driving or while stopped in a location off the roadway where it is safe and legal to remain stationary.

For the purpose of this Term B.4, the “**Government**” includes the United States Government and State, local, and tribal governments at all levels.

(b) *Workplace Safety.* In accordance with Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving (Oct. 1, 2009) and DOT Order 3902.10, Text Messaging While Driving (Dec. 30, 2009), the Recipient, subrecipients, contractors, and subcontractors are encouraged to:

- (1) adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers including policies to ban text messaging while driving—
 - (i) Company-owned or -rented vehicles or Government-owned, leased or rented vehicles; or
 - (ii) Privately-owned vehicles when on official Government business or when performing any work for or on behalf of the Government.

(2) Conduct workplace safety initiatives in a manner commensurate with the size of the business, such as—

(i) Establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving; and

(ii) Education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

(c) *Subawards and Contracts*. To the extent permitted by law, the Recipient shall insert the substance of this exhibit, including this paragraph (c), in all subawards, contracts, and subcontracts under this award that exceed the micro-purchase threshold, other than contracts and subcontracts for the acquisition of commercially available off-the-shelf items.

**FISCAL YEAR (FY) 2026
HIGH RISK RURAL ROADS PROGRAM SUBRECIPIENT AGREEMENT
BETWEEN THE
WYOMING DEPARTMENT OF TRANSPORTATION, HIGHWAY SAFETY OFFICE
AND CONVERSE COUNTY**

1. **Parties.** The parties to this Subrecipient Agreement (Agreement) are the Wyoming Department of Transportation, Highway Safety Office (WYDOT), whose address is: 5300 Bishop Boulevard, Cheyenne, Wyoming 82009-3310, and Converse County (Subrecipient), whose address is: 107 North 5th Street, Suite 114, Douglas, Wyoming 82633.
2. **Purpose.** This is a subaward of federal financial assistance from WYDOT to the Subrecipient. The purpose of this Agreement is to set forth the respective relationships and responsibilities of the Subrecipient and WYDOT in the administration of the Wyoming High Risk Rural Roads (HRRR) Program (Project).
3. **Term of the Agreement.** This Agreement is effective when all parties have executed it (Effective Date). The term of this Agreement is from January 1, 2026, or the Effective Date, whichever is later (Term Start Date) through December 31, 2027. The Subrecipient's Budget Period is from the Term Start Date through September 30, 2027. The Period of Performance is from the Term Start Date through December 31, 2027, and shall allow ninety (90) days for Project closeout beyond completion of physical work on the Project. Project work shall commence upon receipt of a Notice to Proceed. However, the parties agree that the maintenance responsibilities described in Section 5(L) are indefinite.
4. **Project Funding.**
 - A. The Project has a total estimated cost of one hundred eighteen thousand, five hundred nine dollars (\$118,509.00) (including local cost share), as described in Attachment A, Federal Award Information, which is attached to and incorporated into this Agreement by this reference. Federal funding for this Project shall not exceed one hundred seven thousand, two hundred thirty-nine dollars (\$107,239.00). In accordance with WYDOT's policies, a program cost share requirement of ninety and forty-nine hundredths percent (90.49%) federal share and nine and fifty-one hundredths percent (9.51%) local share of the Project costs shall apply. Project costs exceeding the total estimated Project costs shall be borne by the Subrecipient.
 - B. Project administration costs incurred on activities related directly to any professional services to include Architectural/Engineering (A/E) contracts entered into for this individual award are eligible for reimbursement under this at a ninety and forty-nine hundredths percent/nine and fifty-one hundredths percent (90.49%/9.51%) cost share ratio and must remain within the total Project cost.

- C. HRRR is funded on a reimbursement basis. No funds shall be paid by WYDOT prior to being paid first by the Subrecipient. All requests for payment must be submitted to WYDOT's Highway Safety Office (HSO) on the Local Public Agency (LPA) Cost Reimbursement Form that will be supplied to the Subrecipient. Reimbursement requests must include all applicable supporting documentation including copies of invoices to be reimbursed and proof of payment by the Subrecipient. The Cost Principles found in 2 CFR 200 Subpart E apply to this award. WYDOT will make payment to the Subrecipient within forty-five (45) days of receipt of a complete and approved reimbursement request pursuant to Wyo. Stat. § 16-6-602.
- D. Costs incurred prior to the Notice to Proceed and after the Budget Period will not be eligible for reimbursement. The Notice to Proceed shall be issued by WYDOT once the Agreement has been executed by both parties, an Authorization for Expenditure (AFE) is issued by WYDOT, all environmental work has been completed, and any additional requirements of the Federal Highway Administration (FHWA) have been completed.
- E. WYDOT will accept reimbursement requests on a monthly basis. Requests must be submitted at least once every three (3) months in order for the Project to remain active. Failure to submit reimbursement requests may be considered Project Abandonment and result in the loss of federal funding in accordance with Section 7(M) below. If no financial activity occurs in a given quarter, the Subrecipient shall notify WYDOT's HSO in writing of the status and schedule of the Project.
- F. This Agreement is required to comply with the Federal Funding Accountability and Transparency Act (FFATA) of 2006. As the prime recipient of these funds, WYDOT will report the required information to the Federal Funding Accountability and Transparency Act Subaward Reporting System. The FFATA requires any person or entity receiving contract or grant funds directly from the federal government to report certain information regarding those funds through a centralized website, www.sam.gov. The law requires the Subrecipient to provide its Unique Entity Identifier (UEI) number to WYDOT. This requirement means the Subrecipient must register with www.sam.gov to be assigned a UEI number. Instructions for this process can be found at www.sam.gov. Additional information regarding this Act may be found at sam.gov.
- G. The Subrecipient may elect to use land, either wholly owned or donated, as part cost share for the Project. The land must become part of the Project and will fulfill part/all of the cost share requirements of the Subrecipient. If the land is to be donated, that action must take place after execution of this Agreement, must be from a private donor, and must be for exclusive use of the Project. If the Subrecipient accepts the donation of land, the land value used to offset the cost share may not exceed the nine and fifty-one hundredths percent (9.51%) cost share requirement, regardless of the appraised value of the land. The donation of land must be

supported by a formal land appraisal completed by a professional land appraiser certified by the Wyoming State Appraiser Board. A copy of the executed deed with the land description must be included with the appraisal.

5. **Responsibilities of the Subrecipient.** The Subrecipient shall:

A. **Project Scope.** The Subrecipient shall undertake and complete the Project as described and set forth below and in accordance with Attachment B, HRRR Project Description, which is attached to and incorporated into this Agreement by this reference, and in accordance with the terms and conditions of this Agreement. The Subrecipient shall commence and complete the Project in a professional, economical, and efficient manner.

(i) **Project Description.** The Subrecipient shall install transverse rumble strips at seven (7) locations and pavement markings at six (6) intersections as described in Attachment B and shown in Attachment C, HRRR Roadways and Maps, which is attached to and incorporated into this Agreement by this reference.

In the event of unusual or unexpected project delay, the Subrecipient may submit a request to WYDOT for an extension of time to complete the Project. The request shall be in writing to WYDOT's HSO. Failure of the Subrecipient to perform its duties within the time frame herein agreed to may constitute a termination of Agreement, at WYDOT's discretion. If the Project is terminated, the Subrecipient shall return to WYDOT any and all federal funds that have been paid to the Project Subrecipient.

B. Complete all administrative requirements, including having at least one (1) Local Project Administration (LPA) Certified staff member;

C. **End of Fiscal Year Financial Reporting.**

(i) The Subrecipient shall provide end-of-fiscal-year financial reporting by October 31 of each year that this Agreement is in effect. Subrecipient must report all expenses incurred that have not yet been submitted for reimbursement by October 31.

(ii) Reimbursement requests must be submitted by November 30.

Failure to meet these deadlines may result in WYDOT rejecting reimbursement requests.

D. **Project Administration.** Project administration must be performed by a public employee to be in responsible charge. The Subrecipient shall appoint a public employee as the Project administrator who is accountable for the Project. The Project administrator shall have a current certification from WYDOT under

WYDOT LPA Certification Program. Any costs incurred as a result of the work completed by the Project administrator, or supplies and other related costs, shall be included as overhead to the Subrecipient and are not reimbursable under this award, unless the Subrecipient has a WYDOT approved Indirect Cost rate. Project administration costs incurred on activities related directly to any professional services are reimbursable in accordance with Section 4 above.

- E. Design Review and Approval.** All Project designs to include engineering, architectural and landscape architectural plans, specifications, and required federal provisions (Contract Documents) shall be prepared under the supervision of a qualified professional engineer or architect licensed to perform such work in the State of Wyoming.
- (i)** An appropriate level of environmental, historical, and/or review and mitigation statement in accordance with Section 4(f) of the Department of Transportation Act shall be submitted to HSO. A Categorical Exclusion issued by the FHWA, if applicable, is required prior to the Subrecipient's construction contract award. Projects completed within existing right-of-way may be eligible for inclusion in the Programmatic Categorical Exclusion issued by WYDOT Environmental Services.
 - (ii)** HSO must authorize and receive a copy of such plans and Project Contract Documents prior to the Subrecipient proceeding with construction bidding, contracting, or other construction authorization under this Agreement. Contract procedures shall be compliant with 23 CFR 635 Subpart A.
- F. Consultant Selection.** The consultant selection process must be based on qualifications. Using WYDOT's help, if needed, the selection process shall comply with the Brooks Act, 40 U.S.C. 1101 *et seq.*, with guidance included in WYDOT Operating Policy 40-1.
- G. Project Contracting and Construction.** Project work shall be performed by individuals, partnerships, corporations, or other business entities who are duly qualified to do business in the State of Wyoming and who have secured all licenses and permits required by applicable state laws, county regulations, and city ordinances. Upon notification of WYDOT approval of the Project design documents, issuance of a Categorical Exclusion, and a written Notice to Proceed, the Subrecipient may proceed with open, public competitive bidding for Project construction. Such Project bidding shall follow accepted municipal and county bidding procedures, including public advertising and be compliant with 23 CFR 635 Subpart A. Since federal funds are involved in the Project, no in-state preference will apply for materials, contracts, or subcontracts. Bid analysis shall be performed to ensure balanced unit bidding. Once this analysis is completed, the Subrecipient shall make a recommendation to WYDOT of the low, responsible, and responsive bidder for WYDOT concurrence prior to contract award. WYDOT

reserves the right to review all contract bids prior to contract award. Extra work and claims must be within the scope of contract.

- H.** Submit Plans, Specifications and Estimates (PS&E) and bid documents to HSO for review and concurrence prior to Project advertisement.
- I.** Submit bid tabulations to HSO for review and concurrence prior to awarding the Project.
- J.** Monitor Project progress and submit reimbursement requests to WYDOT in accordance with Section 4 above.
- K. Project and Final Inspections.** Project inspections shall be conducted by the Subrecipient or authorized representatives. WYDOT representatives may inspect the Project at their discretion. The Subrecipient shall notify WYDOT of final inspection and a WYDOT representative will accompany the Subrecipient's representative on the final inspection. Prior to the final payment (normally the final ten percent [10%]), the Subrecipient shall notify WYDOT that the Project has been completed in substantial conformance with the plans and specifications, including compliance with Wyo. Stat. § 16-6-116. The Subrecipient shall complete the WYDOT Final Acceptance Certificate, which shall accompany the final reimbursement payment request.
- L. Project Maintenance.** Upon completion of the Project, the Subrecipient shall maintain, at its sole expense, all features constructed under this Agreement. Maintenance shall include all repairs necessary to keep the improvements in their constructed condition adhering to all state and federal requirements for the life cycle of the Project. The Subrecipient shall be responsible for the cost of removal and replacement of any or all encroachments within WYDOT's right-of-way if the right-of-way is needed for highway purposes, including any highway reconstruction or maintenance activity that impacts the encroachment in accordance with Subrecipient's encroachment permit.

Federal law requires the Subrecipient to include all relevant special provisions of this Agreement in every subcontract awarded over ten thousand dollars (\$10,000.00) so that such provisions are binding on each subcontractor.

K. No Finder's Fees. No finder's fee, employment agency fee, or other such fee related to the procurement of this Agreement, shall be paid by either party.

L. Prohibited Interest. No member, officer, or employee of the Subrecipient during their tenure or one (1) year thereafter shall have any interest, direct or indirect, in this Agreement or the proceeds thereof.

If such a default remains uncured five (5) calendar days following the termination of a thirty (30) day prior written notice period, WYDOT may terminate this Agreement. This remedy will be in addition to any other remedy available to the State of Wyoming and WYDOT under this Agreement, at law, or in equity.

COBRA Subsidy for Surviving Dependents Policy

Date Issued: 1/12/2026

Revision: Original

1. Purpose

The purpose of this policy is to provide temporary financial assistance to the eligible surviving dependents of an employee who dies while actively employed by Converse County, by subsidizing a portion of COBRA continuation coverage premiums.

2. Scope

This policy applies to eligible surviving dependents of employees who were enrolled in the County-sponsored group health plan at the time of the employee's death.

3. Eligibility

Surviving dependents are eligible for COBRA premium assistance under this policy if all of the following conditions are met:

- The employee was actively employed by the Company at the time of death.
- The surviving dependent(s) qualifies for COBRA continuation coverage under federal law.
- The surviving dependent(s) timely elects COBRA coverage and remains eligible under COBRA rules.

Eligible surviving dependents generally include a surviving spouse and dependent children who were covered under the County's health plan immediately prior to the employee's death.

4. Benefit Description

The County will subsidize **an amount equal to the employer's portion of the plan premium cost plus the full 2% COBRA administration fee** for eligible surviving dependents for a period of up to **two (2) months** following the employee's date of death, or until the earliest of:

- The end of the applicable COBRA continuation period
- The surviving dependent becomes covered under another group health plan
- The surviving dependent becomes eligible for Medicare
- Failure to timely pay the surviving dependent's portion of the COBRA premium
- The surviving dependent no longer meets COBRA eligibility requirements

The subsidy applies only to medical, dental, and vision coverage offered under COBRA and does not apply to other benefits unless explicitly stated.

5. Payment Mechanics and Requirements

- The County’s COBRA administrator will apply the subsidy directly to the monthly COBRA premium.
- Surviving dependents are responsible for timely payment of their remaining share of the premium.
- Failure to remit payment within the required COBRA grace period may result in termination of coverage.

6. Tax Treatment

COBRA premium subsidies provided under this policy are intended to be excludable from the surviving dependent’s taxable income to the extent permitted by law. The County makes no guarantee regarding individual tax treatment and encourages beneficiaries to consult a tax advisor.

7. Administration

This policy will be administered in coordination with the County’s COBRA administrator. The County reserves the right to require reasonable documentation to confirm eligibility and continued qualification for the subsidy.

8. Non-Contractual Nature

This policy does not create an employment contract or guarantee of benefits. The County reserves the right to amend, suspend, or terminate this policy at any time, subject to applicable law and COBRA requirements.

9. Non-Discrimination

The policy will be administered in a nondiscriminatory manner in accordance with applicable federal and state laws.

10. Effective Date

This policy is effective as of **January 12, 2026**, and applies to employee deaths occurring on or after that date.
